

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

The tableau HR scorecard is a strategic tool used to measure and track the success of talent management initiatives within an organization.

It involves the use of key performance indicators(KPIs) to evaluate various aspects of talent management, such as recruitment, training and development, performance management, and employee retention.

By visually presenting this data using tableau's data visualization capabilities, HR professionals can gain insights into their talent management strategies and make informed decisions to drive organizational success.
